On Monday, March 16, City Manager Mark Calhoun signed a proclamation of emergency/disaster which enables the city to utilize additional resources and tools to slow the spread of

the Coronavirus (COVID-19). The proclamation will allow the city to exercise emergency powers during the COVID-19 outbreak to preserve and maintain the health, safety and welfare of its citizens, and seek federal financial assistance to support resources that may be utilized in an effort to restrict the spread of the virus. In addition, the city has an emergency response plan for situations such as infectious disease. The city is taking steps to educate employees about the disease and ensure that protocols are being followed in regard to good hand and respiratory hygiene, and proper cleaning of city buildings. In addition, the city will work with the Spokane Regional Health District to implement procedures to reduce employees' or visitors' exposure to COVID-19, such as social distancing.

With business reduced, restaurants that already operate on tight margins are struggling. Employees hours are reduced, and in some cases, establishments are closing their doors altogether. Both in hotels and restaurants, the massive drop in business will mean that our people will have their hours cut and wages plummet with no way to make up that money. Most live financially day to day or week to week and have no safety net. Could you give a special gift to keep people in crisis from falling? Learning at home: We have assembled a thorough collection of resources -- schedule ideas, sample daily plans and learning at home guides – for families to use during the school closure as they see fit. These are available at spokaneschools.org/LearningAtHomeResources. Structure and routine are strong elements to reducing anxiety, but we recognize that nothing about this is routine. In the coming days teachers will be connecting with students and parents, answering questions, sharing materials, clarifying directions, and assisting with access to digital resources.

Volunteering: If you or your organization would like to support SPS students, families or staff by donating resources or time, please call the SPS Office of Family and Engagement at 509-354-7882.

Graduation requirements: The Class of 2020 has access to the Expedited Appeals Waiver which allows students to waive the current assessment graduation requirement to pass both the ELA and Math Smarter Balanced Assessment. Future guidance will be provided by the state regarding making up instructional days with regard to credits needed for graduation.

Testing: The state superintendent's office (OSPI) has canceled all state testing for the 2019-20 school year.

End of school: At this time, OSPI will grant emergency waivers to allow districts to end the school year on Friday, June 19, at the latest.

Stay healthy! Wash your hands often with soap and water for at least 20 seconds especially after you have been in a public place, or after blowing your nose, coughing, or sneezing. Avoid close contact with people who are sick. Put distance between yourself and other people.
